Cilji in kompetence:	Objectives and competences:
<p><i>Učna enota prispeva predvsem k razvoju naslednjih splošnih in specifičnih kompetenc:</i></p> <ul style="list-style-type: none"> • spoznavanje in upoštevanje vizije in strategije poslovnega okolja, • spoznavanje in sprejemanje poslovne kulture in pravil obnašanja, • spoštovanje in upoštevanje delovne discipline in odgovorno opravljanje zaupanih nalog, • vključevanje in aktivno sodelovanje v timskem delu, spoznavanje organizacijske kulture in organizacijske klime, • vključevanje v načrtovanje organizacijskih in informacijskih sprememb, ki so potrebne pri uvajanju, uporabi in zagotavljanju kakovosti na vseh področjih dela znotraj institucij, • poznavanje, razumevanje in refleksija kompleksnosti strokovnih in družbenih vlog zaposlenih na različnih področjih upravljanja in poslovanja, • uporaba teoretičnega znanja, pridobljenega med študijem v neposrednem poslovнем okolju, • poglabljanje znanja, • pridobivanje novega znanja, • uporaba poslovnega tujega jezika v poslovni komunikaciji, • samostojna in avtonomna uporaba, nadzor in vzdrževanje programske opreme za realizacijo organizacijskih in informacijskih funkcij, • sposobnost pridobivanja, selekcije, povezovanja in ocenjevanja novih informacij s področja ekonomije, informacijske organizacije, informacijske tehnologije in pravne informatike, • uporaba teoretično in praktično pridobljenega znanja pri pripravi diplomske naloge, • vodenje predpisane dokumentacije. 	<p><i>The learning unit mainly contributes to the development of the following general and specific competences:</i></p> <ul style="list-style-type: none"> • familiarisation with and consideration of the vision and strategy of the business environment; • familiarisation with and adoption of the business culture and the rules of conduct; • respect for and consideration of discipline at work and responsibility in performing confidential tasks; • inclusion and active participation in teamwork, familiarisation with the organisational culture and the organisational climate; • inclusion in planning organisational and information changes necessary for the introduction, use and assurance of quality in all the fields of work in institutions; • knowing, understanding and reflecting on the complexity of professional and social roles of employees in various fields of business and management; • use of theoretical knowledge gained during the study in the direct business environment; • broadening of knowledge; • gaining of new knowledge; • using a foreign language in business communication; • the ability to use, control and maintain software independently and autonomously to perform organisational and information functions; • the ability to collect, select, link and evaluate new information in the field of economics, information organisation, information technology and legal informatics; • use of theoretically and practically gained knowledge in the preparation of the diploma thesis; • keeping the prescribed documentation.

Predvideni študijski rezultati:

/

Intended learning outcomes:**Metode poučevanja in učenja:**

- vodeno in samostojno *individualno delo* študenta,
- *mentorski pristop.*

Learning and teaching methods:

- guided and independent *individual work* of students;
- *mentorship approach.*

Načini ocenjevanja:

Način (pisni izpit, ustno spraševanje, naloge, projekt):

Strokovno prakso ocenita mentor in nosilec strokovne prakse z ocenama *uspešno/neuspešno*.

Študent je ocenjen z oceno uspešno v primeru, da je opravil vse z učnim načrtom po vsebini in obsegu predpisane obveznosti in sta ga tako ocenila oba ocenjevalca.

Delež (v %)

Weight (in %)

Assessment:

Types (written examination, oral examination, coursework, project):

The practical training is graded by the mentor and the teacher responsible for practical training with the *successful/unsuccessful* grade. Students are graded with the 'successful' grade when they have met all the necessary objectives, prescribed by the syllabus in terms of their content and scope, and when they are positively graded by both the mentor and the teacher.
